DIS-CO ONE, a tailor-made solution for **healthcare facilities**

DISCO ONE, the solution that's right for you

We have set up a program to support healthcare establishments in their mobile transformation by customizing the "consulting and optimization" offer with operational and technical implementation of digital tools.

DIS-CONNECT guides you through the entire process: from the user experience to the information system manager, we manage to correlate the different needs. Our all-in-one "DIS-CO-ONE" solution leads you to the perfect mobile workstation.

Working with DIS-CONNECT is a +

Our collaboration with our trusted partners enables us to provide quality services to satisfy you, because you are our priority.

1. A sound diagnosis by an expert who will define an integrated, secure and scalable solution.
2. Support from A to Z, from taking charge of the project to providing and configuring the services.
3. Adaptation to changing business needs, with access to the latest mobile technologies.
